AI tools in daily work · Web content & SEO · WordPress · Multilingual content

13 years of remote backoffice work for a German company (research, spreadsheets, documents, company website). Alongside it, I built and maintained websites and WordPress pages for clients. I use Claude and ChatGPT every day for writing, research, data and automation, and I check the results myself before anything is published.

Recent projects

mimimetr.com *Own project · since 2026*

- Free browser tools in 8 languages that turn photos into cross-stitch and diamond-painting patterns. SEO articles, Instagram and Pinterest content with automated publishing.

aurea-energie.de *Website rebuild · Oct 2026*

- Removed spam, built a new static website, set up Google Search Console.

Personal multi-agent AI workflow *since 2025*

- AI agents handle research, reports and dashboards; I direct them and review every result.

Skills

- **AI:** Claude, ChatGPT, Claude Code – prompting, agents, automation
- **Websites:** WordPress, HTML/CSS, GitHub, static sites, content maintenance
- **SEO & online marketing:** on-site SEO, Google Search Console, Google Ads basics
- **Content:** articles, web copy, social media posts and captions, Canva
- **Data:** Excel and Google Sheets – maintaining lists, cleaning data, overviews
- **Research:** online research, source checking, short summaries

Experience

Aurea Energie GmbH & Co. KG

Remote Backoffice, Research & Digital Support · part-time, remote · 2012–2025

- Online research and source checking; maintained spreadsheets, lists and documents.
- Built and maintained the company website: content, layout, technical updates, SEO.
- Organised project and contact data; prepared comparisons and short summaries.
- Increasingly prepared texts and research with AI tools and checked them before handover.

Freelance *Web Content & Front-End Support · 2015–2025*

- Created and maintained websites, landing pages and WordPress pages for clients.
- Content, layouts, on-site SEO and technical updates, including multilingual sites.

Own Private Enterprise *Owner · Operations & Management · 2006–2012*

- Built and ran a network of 5 shops: daily operations, staff, suppliers, customers.
